# Division with Remainders

Share fairly. What is left over is the remainder.

### 14 cookies on 4 plates

**14 ÷ 4 = 3 R 2**

3 on each plate, remainder 2. Check: 4 × 3 + 2 = 14.

### Use a times fact: the biggest one that fits

23 ÷ 5:

5 × 4 = 20 (5 × 5 = 25 is too big)

23 − 20 = 3

23 ÷ 5 = 4 R 3

### What does the remainder mean?

14 kids, 4 in each car: 3 cars are full and 2 kids still need a ride, so 4 cars.

14 cookies shared by 4 friends: each gets 3, and 2 are left.

**Your turn!**

3 × ☐ = ☐

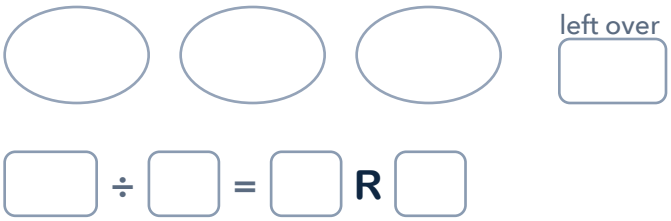

17 ÷ 3 = ☐ R ☐
