Counting Forward and Backward

Count by any number, from any number, either way.

Count forward by 3s

Count backward by 2s

Count by 25s, like quarters: 25 cents each

Your turn!

For teachers

Goal: count from any number, by any number, forward and backward, in your head. Say it out loud while pointing at each jump. Counting by 3s, 4s and 25s gets kids ready for multiplication and money.

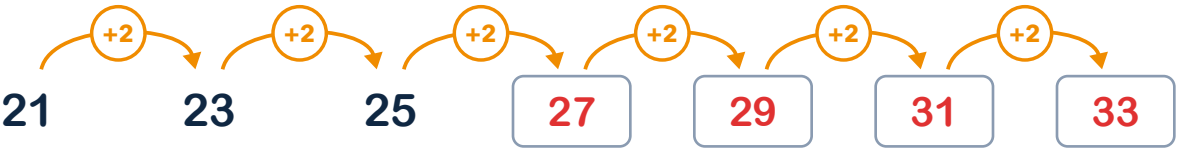

Counting Forward and Backward: Practice
