Adding and Taking Away

Put together to add. Take away to subtract.

Put together: 3 gummy bears and 2 more

3 + 2 = 5

\+ means put together. Count them all.

Take away: 4 cookies, and you eat 1

Cross out the one you eat.
Count what is left: 1, 2, 3.

4 − 1 = 3

− means take away.

Your turn!

You have 5 apples. You eat 2. How many are left?

5 − 2 = 3

For teachers

Goal: add and take away with things kids can see. Read each story out loud. Act it out with real snacks or counters first, then use the pictures: count them all to add; cross out what goes away and count what is left to take away. Start within 5 before going to 9.
