Halves

Half means 2 parts the same.

Share fairly: 6 cookies, 2 plates

half of 6 = 3

Half undoes double

double 4 = 8

half of 8 = 4

Big numbers: half the tens, half the ones

half of 46 = 20 + 3 = 23

Half of 40 is 20. Half of 6 is 3.

Odd numbers: cut one in half

half of 7 = 3½

Your turn!

half of 10 = 5

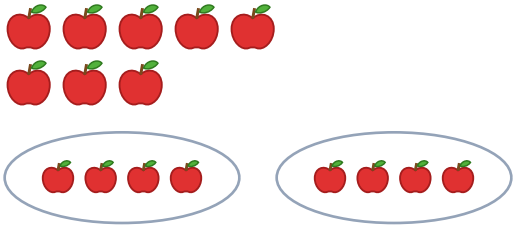

For teachers

Goal: half means 2 parts the same. Share real snacks fairly first. Ask both ways: “half of 8?” and “half of what is 4?” Big numbers: half the tens, half the ones. Odd numbers leave a half: half of 7 is 3½.

Halves: Practice

Half means 2 parts the same.

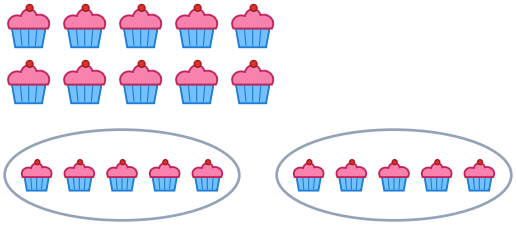

Part 1 Share fairly Draw the same number on each plate.

1) 

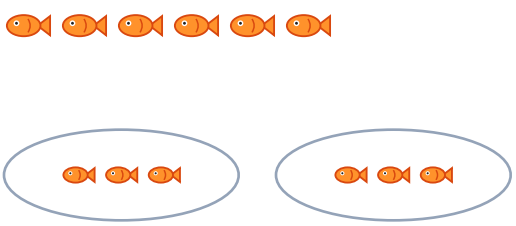

half of 8 = 4

2) 

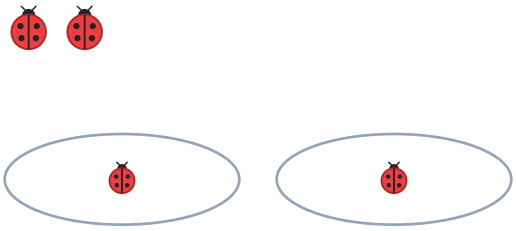

half of 4 = 2

3) 

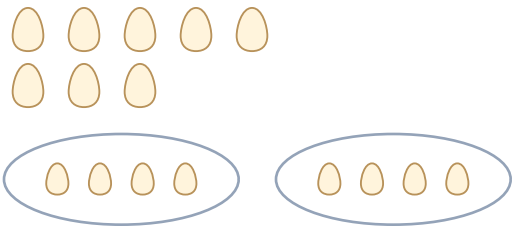

half of 10 = 5

4) 

half of 6 = 3

5) 

half of 2 = 1

6) 

half of 8 = 4

Part 2 Half undoes double Two rows the same. Half is one row.

7) 

double 7 = 14

so half of 14 = 7

8) 

double 5 = 10

so half of 10 = 5

Halves: Practice (continued)

Part 2 Half undoes double (continued)

9) 

double 9 = 18

so **half of 18 =** 9

10) 

double 3 = 6

so **half of 6 =** 3

11) 

double 8 = 16

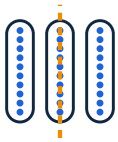

so **half of 16 =** 8

12) 

double 6 = 12

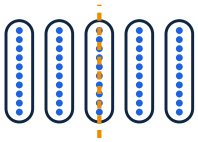

so **half of 12 =** 6

Part 3 Half of tens An odd number of tens? Cut one ten in half: half of 10 is 5.

13) 

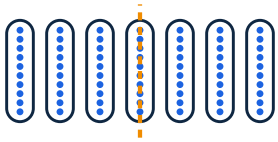

half of 20 = 10 and half of 10 = 5

half of 30 = 15

14) 

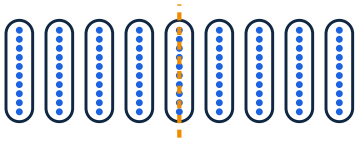

half of 40 = 20 and half of 10 = 5

half of 50 = 25

15) 

half of 60 = 30 and half of 10 = 5

half of 70 = 35

16) 

half of 80 = 40 and half of 10 = 5

half of 90 = 45

Halves: Practice (continued)

Part 4 Split it Half the tens. Half the ones. Put them together.

17) half of 46 = 23
- tens: half of 40 = 20
- ones: half of 6 = 3
- total: 20 + 3 = 23

18) half of 68 = 34
- tens: half of 60 = 30
- ones: half of 8 = 4
- total: 30 + 4 = 34

19) half of 84 = 42
- tens: half of 80 = 40
- ones: half of 4 = 2
- total: 40 + 2 = 42

20) half of 26 = 13
- tens: half of 20 = 10
- ones: half of 6 = 3
- total: 10 + 3 = 13

21) half of 34 = 17
- tens: half of 30 = 15
- ones: half of 4 = 2
- total: 15 + 2 = 17

22) half of 56 = 28
- tens: half of 50 = 25
- ones: half of 6 = 3
- total: 25 + 3 = 28

23) half of 72 = 36
- tens: half of 70 = 35
- ones: half of 2 = 1
- total: 35 + 1 = 36

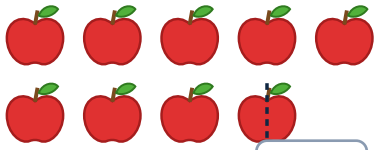

24) half of 58 = 29
- tens: half of 50 = 25
- ones: half of 8 = 4
- total: 25 + 4 = 29

Halves: Practice (continued)

Part 5 Halves of odd numbers Cut the last one in half.

25) 

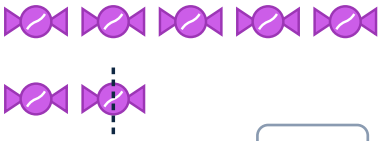

half of 5 = 2½

26) 

half of 9 = 4½

27) 

half of 3 = 1½

28) 

half of 7 = 3½

Part 6 Half of what? Think: double it.

29) half of 14 = 7

30) half of 20 = 10

31) half of 16 = 8

32) half of 30 = 15

33) half of 50 = 25

34) half of 18 = 9

35) half of 100 = 50

36) half of 40 = 20

37) half of 22 = 11

Part 7 Half of No help this time.

38) half of 14 = 7

39) half of 20 = 10

40) half of 16 = 8

41) half of 80 = 40

42) half of 40 = 20

43) half of 62 = 31

44) half of 48 = 24

45) half of 96 = 48

46) half of 24 = 12

Halves: Practice (continued)

Part 7 Half of (continued)

47) half of 100 = 50

48) half of 88 = 44

49) half of 36 = 18

Part 8 Odd numbers No help this time. There is a half left over.

50) half of 9 = 4½

51) half of 15 = 7½

52) half of 3 = 1½

53) half of 11 = 5½

54) half of 25 = 12½

55) half of 19 = 9½

56) half of 13 = 6½

57) half of 21 = 10½

58) half of 17 = 8½

Part 9 Big halves No help this time.

59) half of 200 = 100

60) half of 500 = 250

61) half of 300 = 150

62) half of 1000 = 500

63) half of 400 = 200

64) half of 700 = 350

65) half of 150 = 75

66) half of 900 = 450

67) half of 60 = 30

Halves: Practice (continued)

Part 10 Word problems Share it fairly.

68) Mom cuts a pizza into 8 slices. You eat half of them. How many slices do you eat?

Number sentence half of 8 = 4

Answer 4 slices

Draw or show your work

69) Two friends share 14 grapes fairly. How many grapes does each friend get?

Number sentence half of 14 = 7

Answer 7 grapes

Draw or show your work

70) There are 30 kids in a class. Half of them go outside to play. How many kids go outside?

Number sentence half of 30 = 15

Answer 15 kids

Draw or show your work

71) Ben has 9 apples. He gives half of them to Mia. How many apples does Mia get?

Number sentence half of 9 = 4½

Answer 4½ apples

Draw or show your work

72) Challenge: Half the cookies are eaten, then half of the rest. Now 3 are left. How many were there?

Number sentence 3 + 3 = 6, 6 + 6 = 12

Answer 12 cookies

Draw or show your work

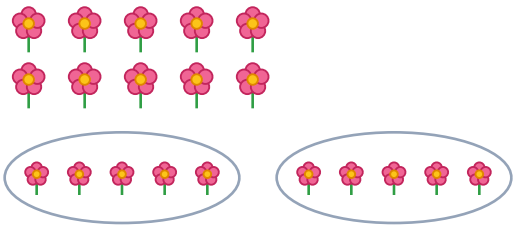

Answer Key

Check-In: Halves

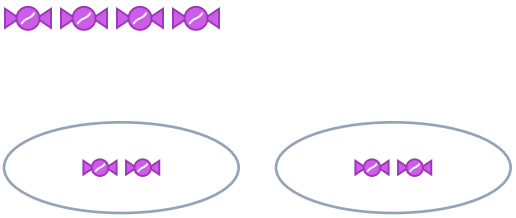

Show what you know. No help this time.

Mastery: 11 of 13 (80%)

Part 1 Share fairly Draw the same number on each plate.

1) 

half of 10 = 5

2) 

half of 4 = 2

Part 2 Split it

3) half of 32 = 16

tens half of 30 = 15

ones half of 2 = 1

total 15 + 1 = 16

4) half of 66 = 33

tens half of 60 = 30

ones half of 6 = 3

total 30 + 3 = 33

Part 3 Half of

5) half of 42 = 21

6) half of 54 = 27

7) half of 22 = 11

Part 4 Odd numbers

8) half of 7 = 3½

9) half of 31 = 15½

10) half of 23 = 11½

Part 5 Half of what?

11) half of 56 = 28

12) half of 98 = 49

13) half of 8 = 4
